You're

Why should  
I go?

If not, what if  
something happened

what would you  
say to her father?

Also, I think we should  
step back one time to  
move forward. It's not  
like we will lose

And then?

Is she always

If we're not

You should

Why did you  
suddenly  
change  
your mind?

.....

it's...  
instinct...

Oh dear

Is that so? Why did you say that when you went to a music class?

The students told you? Because they sang too badly, I thought they were reading the bible!

That's why!

This person...has no manners at all...

So you are Jae Yong's uncle?

Yes, I'm her uncle.

Hey, listen! When I mean Uncle,

The reason I asked you to come is that...

Teacher?

Hey, you have to be responsible of what you said to me earlier. Didn't you call me here?

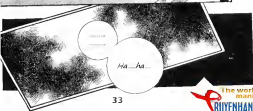

So bring...

I'm sorry for that

The reason you have to be here is... No, I asked the reason that we have to meet...

Hahahahaha!!!

What?  
What's so  
funny?

Ha\_haaa...  
I'm sorry...but...

So...

You are the  
English teacher,  
right?

Yes, I  
am, but...

If you are a teacher  
who's teaching a  
foreign language...  
you shouldn't be  
like that.

Don't you feel  
that you're  
too strict?

I think, in a  
class, if you  
want to laugh,  
then you should  
laugh freely, right?

And also  
ignore her.

I meant, if you continue  
like this, you would  
become a deaf person,  
or even a blind  
person as well.

Of course, this does not  
only apply to you but also  
other teachers in this  
school too. I have shown  
my respect to you  
all a lot already.

Wow. Here  
he is!

He's Joe  
Yang's uncle?

He's so  
handsome...!

Wait, the girl  
next to him is  
Joe Yang, right?

So  
handsome...

He's so tall!

Who is he??

What? Is he  
really her uncle?

Thank you for  
coming here.

I thought you  
would be angry?

But let me tell  
you, if this  
situation happens  
again, do not ever  
call me again.

I won't  
come  
anymore.

*I would be crazy  
if I call you again.*

This time, I will only  
take 50,000 (won.) This  
will add to your old debt.  
It will be 8,500,000 (won.)

Why are you  
still standing  
there?

Everything is  
just beginning.  
You'd better  
pay me.

Got it?

*That's the job  
you must do.*

*(Or you must play that way.)*

Now  
what's this?
